

Good Morning,

As a member of our London community for over 60 years the ongoing situation related to Covid-19 is of great concern .

We want to assure our community that although we remain open we have made some modifications in store and we ask that all potential customers looking to come to the showroom do a self assessment prior to coming.

Our hours have been reduced, now Monday- Friday 10-7, Saturday 10-6, and Sunday 12-4.

Additionally we have reduced the amount of team members in store by approximately 50%.

We are continuing to be diligent in store with cleaning and sanitizing of common areas to limit the risk and any and all staff who have been feeling ill have all been advised not to come to work and to isolate for 14 days.

As said, the health and safety of our team and community is of the utmost importance.

Please continue to browse our website and submit quote requests as we do have a couple team members who will be responding.

Our service technicians and delivery team will still be out on the road however they have be instructed to follow safe social distancing practices while interacting with customers as well as having additional sanitizing wipes and cleaners.

Thank you for your understanding and support during this unprecedented time.

J. Vanderhoeven
